## Church Liaison Responsibilities

The Extension—it's a God thing! This simple statement speaks to the essence of who we are, what we do and why we do it. Many people recognize us by the help we give to homeless, addicted men, their families and others in the community, but we do much more than that. We also reach out to people in the community that are able to help those in need, by providing an opportunity to serve.

Actually, there is very little difference in those that we traditionally think of as being served and those that do the serving. Such distinctions simply do not exist at the point of contact, the place where connections are made, where many people become one community, where the commonality of us all being God's children is acknowledged through service and acceptance.

As a Church Liaison you are helping make those connections—connecting people with people, and people with God—yourself included. Thank you for being part of this wonderful ministry and for sharing God's love with us all.

Please help us know of opportunities for support and ways we can help your church, and let your church know of opportunities we have. You can do that in many ways. Here are some ideas:

- Arrange for a staff person or Board member to speak to your congregation or a smaller group
- Invite The Extension's Executive Director to have lunch or meet with you and your Pastor
- Help set up a special offering for The Extension
- Encourage your Pastor to pray for The Extension
- Encourage church leadership to include The Extension in your church's budget
- Arrange a special tour of The Extension campus for members of your church or for a smaller group
- Put up a special bulletin board display at your church
- Organize a collection of supplies needed by The Extension
- Coordinate a special fund raiser or promotional event for The Extension
- Share information with other members about The Extension and how they can help
- Keep The Extension informed about activities at your church
- Encourage church members to volunteer at The Extension

*With your help those we serve don't just have a choice—they have a chance!*
